There was discussion that the budget for buying new items should come from our available balance. The treasurers report should include an outstanding balance. Everything that is purchased should have an invoice and that invoice should match the purchase. It was also discussed that the concession stand needs to have a general ledger that includes all purchases on invoices and a record of all money that is taken in. There should be checks and balances.

MONTHLY MINUTES:

It was discussed that the monthly Booster Club Minutes be available on the Roncalli website for all to see.

MEMBERSHIP REPORT:

It was agreed that membership needs to be boosted. A flyer will be included in a mailing with information about sports physicals. It was also discussed that membership dues need to be looked at for a possible increase.

President Schneider discussed looking heavier into Corporate Memberships.

President Schneider will chair a committee to look at this. John Vejvoda was

mentioned as a possible contact to become involved in this. Jim Schneider will also discuss this matter with Jeff Dempsey.

FUNDRAISING:

Several ideas were discussed for possible ways to do fundraising. They included:
